Characteristics

Nominal capacity	1,500 cc (1.5 L)
External length (at rim)	210 mm
External width (at rim)	152 mm
Overall height	67 mm
Material	Rigid food-contact polypropylene (PP)
Manufacturing process	Injection moulding
Finish	Smooth surface
Closure	Flat perimeter flange for hermetic heat sealing with lidding film
Units per case	120 units
Stacking	Optimised stacking to take up less storage space before use

Material and manufacturing

Material	Rigid food-contact polypropylene (PP)
Manufacturing process	Injection moulding
Resistance	Resistant to fats, oils and food acids
Origin	Made in Tibi (Alicante)

Uses and temperatures

USE	SUITABLE	NOTES
Freezer	✓ Yes	
Fridge	✓ Yes	
Microwave	✓ Yes	Pierce or remove the film before heating.
Conventional oven	⊗ No	
Grill	⊗ No	
Direct flame	⊗ No	

Supply

Format	Cases of 120 units
Stacking	Optimised stacking to take up less storage space before use

Regulation

Reference regulation: Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food
